

# 20 CORPORATE 24 SPONSOR PACKAGES

## *Building a Better Tomorrow*

Corporate philanthropy is an important part of any business strategy. The dollars you invest should match your goals and objectives. We offer multiple sponsorship opportunities to meet your needs. No matter which you choose, you will enjoy wonderful benefits as a sponsor of Mental Health America of Northwest Indiana. Thank you for including us in your planned giving.

We are a mental health agency with a unique focus on early intervention and prevention. Over 80% of the work we do is in homes with parents and children prenatal to age five. We work with families to build protective factors in the home that reduce and prevent instances of adverse childhood experiences to ensure a positive life trajectory for child and family. Our degreed professionals provide free programs and services in homes, group settings, and schools to prevent adverse childhood experiences, reduce infant mortality, encourage socialization, strengthen families, and support and advocate for those living with mental illness or emotional challenges.

# SINCE 1957

## Legacy Building

Your investment supports generations of Northwest Indiana children, families, and adults as we work to break cyclical patterns of abuse; and eliminate stigma, neglect, and other adverse experiences that put the future of our community at risk. Your partnership will leave a legacy of positive impact and long-term well-being for the communities you serve.

## Community Reinvestment

Your investment reaches every corner of Northwest Indiana, including many of our most vulnerable communities and families which would otherwise go without services to support their overall health and well-being.
